

(DSBENCH1 is optional)

Producers Station

DESIGNER SERIES
by Star Case

Add Function, Mobility, and Design to your home, production facility or studio with our modular, aluminum Producers Station. Our Producers Station requires a minimum of floor space yet maximizes the term "functionality". Furniture quality, all high-grade aluminum construction, high weight capacity work surfaces and portable mobility make this an environment where you can truly optimize your creativity. The Producers Station is even available with a matching padded bench (model DSBENCH1). With do-it-yourself easy assembly & installation, the Producers Station takes maximum advantage of the limited floor space it occupies.

Whether you're looking for a simple keyboard stand, or a fully functional work station for whatever ensemble of equipment you use, this Designer Series Producers Station provides innumerable solutions. You could spend hundreds, even thousands more on inferior products, but nothing comes close to the aesthetics and technological elegance of the Designer Series Producers Station.
