

# Custom Cases . . .

## The Ultimate in Product Protection

Since 1975, STAR CASE MANUFACTURING CO., INC. - the leading manufacturer of reusable shipping cases, has provided the ultimate in product protection. Whether you're shipping delicate electronic instruments, one-of-a-kind first article prototypes, or virtually any kind of delicate item, Star Cases will provide vital protection against damage and mishandling.

Across town or around the world - if it's important to you, entrust it to us - put it in a Star Case!

**"...vital protection against damage and mishandling"**

Custom Shipping Case for precision meteorological evaluation instruments

Multiple sculpture foam cut-outs for repair kit

Multi-drawer workcase with integral fold-down table

Shipping case for custom architectural models

Over the years Star Case has built custom cases for thousands of exceptional items - from the NASA Moon Rocks to priceless paintings and irreplaceable artifacts for world renowned museums and even custom cases for life-saving medical analyzers, technologically advanced solar panels and state-of-the-art high definition broadcast equipment.

**"American industry has depended on Star Case . . . since 1975."**

Heavy-duty roll-in ramp equipped shipping case for large medical diagnostic evaluation instrument

American industry has depended on Star Cases' ingenuity of product design and attention to detail in everything they do since 1975. Having earned "preferred vendor" status with all branches of the U.S. military, aerospace, medical, telecommunications, broadcast, teleproduction & related markets, Star Case is committed to be the industry leader for many years to come.
