

## Corporate Case Cart Option

- Rugged, long-lasting, smooth rolling, wide-track 3" recessed casters
- Multi-stage telescoping aluminum, lock-in, lock-out, fully recessed, retracting tow handle
- Case doubles as convenient transporter for briefcases, etc.
- Recessed wheels are mounted to extreme corners of the case for added stability when rolling

### PLEASE NOTE: Considerations prior to ordering this option.

- Requires an additional 2" build-up in case height to accommodate the retractable handle.
- Case width (length) can be no less than 14" inside.
- Case depth (front to rear) can be no less than 13" inside.
- Total weight of case & contents must not exceed 75 lbs. (disregarding this recommended weight limit is at owners risk!)

Please take these recommendations into account prior to considering this option.
