Expo Star Case Transporters

Common case design for transporting roll-up graphics, screens, etc. Case is lined with 1/2" soft polyester foam and is designed as a removable, telescoping lift-off lid. Case closure is by way of heavy-duty webbed belts and steel closure buckles. Spring-loaded handles are provided at either end of the case. These cases can be optionally equipped with recessed 3" casters**** at one end for easy towing. Note: Dimensions shown are inside foam-to-foam dimensions (useable space).
