Carry-on transport by: - All Air Carriers - Rail - Sea	Components of light weight concentrations such as: - Computers, printers & small HDTV's - Sales samples - Handheld equipment & electronics	

All Star Case "Types" (with the exception of Star Light\*) are constructed of premium grade plywood walls with a tough fiberglass outer laminate.

All case walls are bonded with proprietary double-walled aluminum extrusions.

Case closure is by means of proprietary, positive-fitting, aluminum tongue & groove valance extrusions.

All case types except Star Light\* are available in 7 color choices: red, white, blue, hunter green, gray, black or Bordeaux.

\*Star Light is manufactured of specially extruded 400# test honeycomb structure polypropylene - available in black only.
