Add a professional touch to your Star Cases. For a limited time, we're offering, at no additional charge, re-creation of your corporate logo and/or preferred bold stenciling and direct application to your cases surface. The process is through digital vinyl sign cutting. Just provide clean artwork of your material and we'll do the rest. Future orders, too, can have the same artwork application. Most basic color are available and there's no time loss taking advantage of this service. Call your Star Case sales rep. today!
